

AREA NO. \_\_\_\_\_ AREA LEADER: \_\_\_\_\_

1. Record your effort (Time and Mileage) below, up to four parties can be recorded here
  2. Give the completed tally sheet with all required Rare Bird Report Forms to your Area Leader
  3. "Rare Bird Report Forms" are due on Count Day. Rare Bird Reports will not be accepted after 7 days
- Note: A GOOD photograph can be submitted in lieu of a written Rare Bird Report form

**(SL): State Location:** Provide additional information on back of the sheet

**(DS): Describe Sighting:** Use the "Rare Bird Report Form" to provide additional information

**Any bird found that is not on this list:** (1) enter the species under "ADDITIONAL SPECIES"  
**AND** (2) Use the "Rare Bird Report Form" to provide additional information

**Please provide the following information on Party TIME AND MILES in the table below**

A Party is any group of people birding together, or even one person birding alone. If the same group is together all morning and stays together all afternoon, that's one party. But, if the same people are together all morning, then later they split up into 2 groups they become two new parties. The second case had a total of 3 parties that day (one in the morning and two in the afternoon). It does NOT matter how many people are in each party. All of the CBC statistics are based on "parties", not "people". Keep it simple...Don't make it more difficult than it needs to be

**Start Time and End Time:** Enter when each party started counting and stopped counting

**Party-hours and miles:** Estimate how much of your daytime effort was on foot, in a vehicle, or on a boat.

"Night" is before 6:30 AM or after 5:30 PM. Keep nighttime activities (owling & ralling) separate from daytime.

If you took any long breaks (like an hour for lunch) subtract that from your total hours

					daytime hours only		
	Start time	End Time	night hrs	Daytime hours	Hours By foot	Hours by Car	Hours by Boat
Party 1							
Party 2							
Party 3							
Party 4
