Advanced  
(8%)

Intermediate  
(57%)

Intermediate  
(37%)

Beginning  
(55%)

Hearing loss - 11 (These were tallied and some did very well.)

Scores turned in - 60 people  
Took sheet, but scores not turned in - 7

Median scores this time were almost identical to those in 2005. (Photos & sounds were different in the 2 years.)

*The sounds I selected were considerably easier than the pictures, yet people didn't do as well on them. Remember you can do the "Learning California Bird Sounds" workshop as many times as you need to.*

*Thanks for coming. I hope it was fun and will inspire you to sign up for an upcoming workshop.*

*Sylvia*
