

Sea and Sage Audubon Society

'4th Tues.' Conservation Lecture

Tuesday, April 25th – 7:30 PM

Learning Center, SJWS

“Climate Change – Is there anything we can do about it?”

Presented by Mark Tabbert, *Citizens' Climate Lobby*

We've all wondered, “*What on earth can we do about climate change?*”

Join us April 25th to hear what *Citizens' Climate Lobby (CCL)* is doing about climate change. Our guest speaker, Mark Tabbert, says progress is being made.

CCL believes that each one of us, as citizens, can address climate change. CCL works to reach members of Congress and other government leaders by building relationships with the media, businesses, politicians, and religious and educational leaders.

Join us. The doors open at 7:00 for snacks and social. The program starts at 7:30 PM.

Two Bonuses That Evening! We'll start the evening with a really cool 10-minute video called “*The Snowy Plover and You*” and end with an introduction to Natasha Khanna, Audubon's new Field Organizer for Southern California, who will be working on Climate Change Action.
