

VOLUNTEERS NEEDED FOR BOLSA CHICA ***RESERVE WATCH***

Help protect Bolsa Chica's fragile habitats and vulnerable wildlife by guiding the public to better understand and respect this wonderful place.

The California Department of Fish and Wildlife, along with four Non-Profits, have created the Reserve Watch program to educate the public about Bolsa Chica's environment, history, and the rules of the Reserve. This program is a new effort to connect our community with the Reserve and to foster respect and understanding for the amazing wildlife that live here. In addition to engaging with the visiting public, volunteers will monitor and report on the plants and animals they observe. For this program to thrive, we need YOU! Join the Reserve Watch and help Bolsa Chica flourish!

**Training:
October 22 & 29, 2022**
