

Area No. _____ Area Leader: _____

- ✓ Record your effort (Time and Miles) in the table below.
- ✓ Give your **completed** Tally Sheet as well as all required "Rare Bird Report Forms" to your Area Leader.
- ✓ Rare Bird Report Forms are due the day of the count.
- ✓ Only this "official" Tally Sheet will be accepted (No other tally sheet, nor eBird reports will be accepted).

(SL) - State Location where bird was seen (name of park, creek, or community). And the location within that area.
 (DS) - Describe Sighting. Use "Rare Bird Report Form" and give detailed information about the bird (photo helpful).
 Any bird that is not listed on this Tally Sheet should be added to **Additional Species**. And, a Rare Bird Report form, as well as stating the location of where the bird was seen, is required.

PARTY HOURS AND MILES:

A Party is any group of people birding together, or even one person birding alone. If the same group is together all morning and stays together all afternoon, that's one party. But, if the same people are together all morning, then later split into 2 groups they become two new parties (for a Total of 3 groups). It does NOT matter how many people are in each party. The CBC statistics are based on "parties", not "people".

Estimate how much of your daytime birding efforts were on foot, in a vehicle, or on a boat. "Night" is before 6:30 AM or after 5:30 PM. Keep nighttime activities (owling & ralling) separate from daytime. If you take any long breaks (like for lunch) subtract that from your total hours.

PARTY HOURS							
	Start time	End Time	Night hours	Daytime hours	Hours By foot	Hours by Car	Hours by Boat
Party 1							
Party 2							
Party 3							
Party 4							
Party 5							
Party 6							
Party 7
