

Wandering Tattler

March 2024
Volume 72, Number 6

The Voice of SEA AND SAGE AUDUBON, an Orange County Chapter of the National Audubon Society

*Come to our Annual
Dinner on Friday
evening, March 15th*

- * Socialize with friends and new acquaintances
- * Bid for some nifty items at our Silent Auction
- * Rub elbows with the recipients of this year's Conservation Award and Letters of Commendation
- * Have fun browsing through our chapter displays
- * Eat a delicious dinner
- * Enjoy Jon Feenstra's program on "The Birds of Ecuador: A Lot in a Little Place"

*Space is limited so get
your reservations in now!
See page 3 for full
information about
this
special
event.*

Annual Dinner Program March 15 – Friday evening – 6 pm

"The Birds of Ecuador: A Lot in a Little Place"

presented by Jon Feenstra

Jon grew up in Appalachian New Jersey, but has lived in the Los Angeles area for over 20 years now. He graduated from Rutgers with a Bachelor's degree in Physical Chemistry and a Ph.D. from Caltech also in Physical Chemistry, but opted instead to be outside doing things for nature. He is an ornithological consultant doing wildlife surveys, research and monitoring. He also does bird guiding, both as a free-lance guide and as a senior leader for WINGS Birding Tours, specializing in leading trips to Ecuador, Jordan, New Jersey, and southern California. Jon is a member of Pasadena Audubon, leads many pelagic trips in Southern CA, and serves on the California Bird Records Committee. We hope you will sign up for our Annual Dinner where Jon will present his program on Birds of Ecuador.

Conservation News

Susan Sheakley, Conservation Chair.

Note: No '4th Tues.' Conservation Lecture this month. **Other Meetings:** Conservation Committee **TU Mar 5**
Tackling Climate & Trash **TH Mar 21** (Melissa Rapp, Co-Chair); Legislation & Advocacy **SU Mar 24** (Vic Leipzig, Chair)

Western Snowy Plover & California Least Tern OC Quarterly Survey:

If you have already attended a Snowy Plover Survey training session, join us in looking for Snowy Plovers, Least Terns, and their habitats on our local beaches, while helping to contribute to endangered species research. (Survey and training dates to be determined.)

This is the beginning of the Snowy Plover breeding season, and it is important to see how many Snowy Plovers are using our beaches and where the plovers are located.

Volunteer surveyors may

choose their Orange County beach segment to survey by contacting Volunteer Coordinator, Cheryl Egger at ocsnpisurvey@gmail.com. For more info on Snowy Plover Surveys and maps of beach segments, visit <http://www.seaandsageaudubon.org>.

Select CONSERVATION; then – Conservation Bird Surveys — Western Snowy Plover & CA Least Tern Surveys — Survey Forms — Beach Assignments

2024 FERN ZIMMERMAN CONSERVATION AWARD AND LETTERS OF COMMENDATION

Each year since 1967 the Conservation Committee has presented the Conservation Award and Letters of Commendation to individuals or organizations that have made noteworthy contributions to the protection of habitats, natural resources, birds or wildlife in Orange County. This year at the Annual Dinner on Friday, March 15, it will be our honor to present the following:

Fern Zimmerman Conservation Award

* **Melissa Borde:** for her many contributions to the protection of the Bolsa Chica Reserve with a particular emphasis on the implementation of the Bolsa Chica Reserve Watch Program. As the Reserve Manager and Environmental Scientist at Bolsa Chica Ecological Reserve, Melissa manages one of the largest and last remaining coastal wetlands in Southern California. She oversees daily operations, infrastructure maintenance, biological monitoring and surveying of threatened and endangered species, and other tasks. To also bring together the three Bolsa Chica non-profit groups, along with Sea and Sage Audubon, to create the Watch Program, a collaborative, volunteer effort to help nearly 100,000

annual visitors better understand and respect the reserve, is a great achievement for conservation.

Letters Of Commendation

With recognition that window strikes take a heavy toll on birds, Sea and Sage commends two forward-thinking institutions that recently took steps to make their buildings more bird friendly.

* **Orange County Parks, Nix Nature Center:** for protecting birds from window strikes. The Nix Center installed bird deterrent film with rows of barely visible dots on large windows that were having repeated bird strikes. Birds do not recognize glass as a solid object and when it reflects habitats, it tricks them into flying into the glass and often dying. Researchers estimate that up to 1 billion birds die every year in the United States alone from colliding with glass. The dots are hardly noticeable to human visitors, but are real lifesavers to the avian visitors!

* **Huntington Beach Central Library and Supporters:** for protecting birds by adding strike deterrents to their windows. After being alerted by visitors and area residents that hummingbirds were dying in large numbers after striking the library's massive windows, the library applied bird deterrent film over selected problem windows. The costs of the treatment were covered by an anonymous donation for the materials and the challenging installation job. Since installation, the library has received no reports of dead birds.

WHO IS FERN ZIMMERMAN?

Fern Zimmerman was a true conservationist, grass roots organizer, birdwatcher, and chapter leader who contributed much to the development of Sea and Sage Audubon Society. Fern provided a constant source of optimism about

our ability to effect change in our environment and helped us find our voice in advocacy. Fern received the SAS Conservation Award in 1973. She continued as a conservation activist for 23 more years. After her death in 1996, Sea and Sage named its conservation award in her honor.

Sea & Sage Annual Dinner

Friday, March 15th at Mile Square Park Banquet Center

Our Guest Speaker is Jon Feenstra

He will speak on “The Birds of Ecuador: A Lot in a Little Place”

Though only the size of the state of Arizona, the nation of Ecuador has more than 1600 species of birds within its borders. A combination of tropical latitude, a span of 20,000 feet of elevation, coastline, varying habitat types, and plenty of rain make this one of the most bird diverse places on earth. This talk will delve into the habitats and the birds within, covering natural history and biology with lots of bird photos.

The evening will also include a Silent Auction and the presentation of our chapter's Fern Zimmerman Conservation Award and Letters of Commendation. The Mile Square Park Banquet Center is located at the south end of Mile Square Park, at the intersection of Warner and Ward, in Fountain Valley. Free parking is available. Below is the schedule for the evening:

No Host Bar: 6:00 p.m.

Dinner: 7:00 p.m.

Program: 8:00 p.m., sharp!

Location: Mile Square Park Banquet Center

Tickets: \$60 for all reservations received before March 1st

\$65 for reservations received on or after March 1st

Entrees: Mediterranean Chicken, Atlantic Salmon Filet, or Cauliflower Steak. All dinners will include a salad, fresh vegetables, freshly baked rolls, coffee, decaf, or iced tea, and a brownie or mixed berries sorbet (by request) for dessert.

MAKE YOUR RESERVATIONS EARLY. Seating will be assigned in the order the reservations are received. If you wish to sit with friends, be sure they make their reservations on the same day you do. **Reservations will be made through Eventbrite, not by check.** You will receive a confirmation email after your reservation has been made. *ALL RESERVATIONS MUST BE RECEIVED BY THURSDAY, MARCH 7TH, at 11:59 PM.* If you are unable to use Eventbrite to make your reservation, please phone or email Nancy Kenyon (949-892-9212; nancykenyon@cox.net).

The Registration link is: <https://www.eventbrite.com/e/sea-and-sage-audubons-annual-dinner-2024-tickets-792238385337> . This link is accessible in What's New on our website.

~ Photography Showcase ~

Love photographing birds? Share your stunning bird photograph captured in southern California and let others revel in its beauty at our Annual Dinner! You must attend the Annual Dinner on March 15th in order to win a prize. Use this link to enter:

Chapter News & Announcements

Sea and Sage Audubon Society's mission is to protect birds, other wildlife, and their habitats through education, citizen science, research, and public policy advocacy.

Audubon House Volunteers

We would like to thank the following people for helping to staff Audubon House in February and March: Kathy Blackmarr, Greg Figge, Bridget Gardner, Beverly Hargrove, John Hargrove, Ann Harmer, Mary Harward, Sue Henry, Sarah Jayne, Mary Meister, Paula Monroe, Steve Munzinger, Barbara Reber, Jennifer Reed, Paul Saiki, Dev Sellin, Susan Sheakley, Gwyneth Stolo, Art Strauss, Isabel Totoda, Barbara Wasbin, Phil Westin, Pat Wells, and Irene Wotta.

Our volunteers greet visitors, answer the phone, sell merchandise, answer questions about birds, check out binoculars, etc. If you are interested in helping at Audubon House, please call Dev Sellin, 714-943-3682 or Paula Monroe, 480-299-9885.

Thanks Gail!

I would like to thank Gail Richards for stepping in to edit the Nov, Dec/Jan, and Feb Tattlers for me while I was out of commission, with no access to my computer, due to a mobility problem. Gail graciously took on the task and did a great job! — Nancy Kenyon

Have fun and Let Your Avian Knowledge Soar!

If you are a birder, and enjoy playing games with friends and family, we have you covered at our Sea & Sage Nature Store. David Sibley has 3 fun games for bird enthusiasts: Backyard Birding Bingo, a Trivia game that includes 400 questions sure to test every birder's knowledge, and the newly revised and updated game of Flashcards. We also have the tremendously popular game of Wingspan, an award-winning strategy board game all about birds. Wingspan is played with cards that feature factual tidbits about different species that can be absorbed without being central to the gameplay.

— Catherine Steinberg

READING GROUP –Tues, March 19 – 1:00 PM

Reading Group: *Darwin's Armada: Four Voyages and the Battle Theory of Evolution* by Iain McCalman.

Starr Ranch Ecology Programs

Starr Ranch is offering education programs for kids and adults, March through June 2024. The programs include *Cougars*, *Bobcats and Coyotes*; *Birds of Starr Ranch* and nature walks. The cost is \$10 per person. For more information, check the Starr Ranch Sanctuary webpage or contact Sandy DeSimone sdesimone@audubon.org or 949-858-0309.

Help the CA Least Terns

Help the endangered California Least Terns by keeping your eyes on their active nesting colony. Volunteers watch for Least Tern breeding behavior, eggs, chicks, fledglings, and predators, and

record their observations as well as watch for the Western Snowy Plovers. Location? The Least Tern Natural Preserve is at beautiful Huntington State Beach at the Santa Ana River mouth.

New and returning volunteers are welcome to our Season Kick-off and Volunteer Training, which includes a slide show of the Breeding Biology of the Least Terns and Snowy Plovers.

Season Kick-off & Volunteer Training Wed., April 3rd from 6 - 8 pm

At Huntington State Beach HQ

Field Orientation (mandatory for new volunteers) will be at the Least Tern Natural Preserve, Huntington State Beach in early May. All new volunteers will become members of the Volunteers in Parks Program for California State Parks. All returning and new volunteers who have completed their paperwork and are actively volunteering will receive a beach parking pass for the State Parks in the Orange Coast District for 2024! Additional information about the program can be found on our chapter webpage: www.seaandsageaudubon.org

Orange County Rarities

by Samuel Bressler

To report a RARE or UNUSUAL bird, or to receive reports from other birders about rare or unusual bird sightings here in Orange County, send an email to: OrangeCountyBirding+subscribe@groups.io

It's the middle of winter, and it would seem that most vagrants would have been comfortably settled into their local haunts. And yet, many birds found earlier in the winter are now gone, and are replaced by new, previously unreported individuals. This is partly due to observer effort: where and when birds are found depends on when and where birders are looking for them. But birds have wings, and may be driven elsewhere by weather, disturbance, or perhaps general restlessness. The more birders who keep tabs on existing rarities and find vagrants in under birded areas, the better our understanding of such mid-winter movement will become.

Black Scoters and **White-winged Scoters** continued off Huntington Beach; these pelagic ducks were joined by a **Long-tailed Duck** at Huntington Beach Pier, which was first found on January 13th and continued through the end of the month. An **American Oystercatcher** continued in Dana Point through at least January 14th; likely the same bird was refound at Crescent Bay Point Park on the 17th. **Neotropic Cormorants** continued in their reliable locations, but new records at Craig Regional Park and Tustin Ranch Golf Course on January 9th provide evidence of their continued spread across the county. **Ancient Murrelets** have irrupted across much of North America this winter, so one in Dana Point Harbor from January 28th-31st was perhaps overdue. The **Little Blue Heron** at Bolsa Chica Ecological Reserve continued through the end of the month, as did the **Zone-tailed Hawk** at Serrano Creek Park. A **Zone-tailed** at Santiago Oaks Regional Park on January 9th was presumably a second individual; likely the same bird was seen along the Upper Santa Ana River on the 28th. The continuing **Prairie Falcon** at the Great Park was last seen on January 7th.

The **Yellow-bellied Sapsucker** at Harvard Community Park continued through at least January 30th as did the **Williamson's Sapsucker** at Los Pinos Probation Camp. **Gray Flycatchers** continued at Huntington Central Park through Jan. 17th and at Riverdale Park through at least Jan. 30th, while at least a half dozen **Western Flycatchers** were also found or relocated in January. A **Tropical Kingbird** continued at Bolsa Chica through the end of the month, though it almost exclusively frequented the restricted area. At least five **Plumbeous Vireos** continued in January, exclusively in central and south county, while a **Sage Thrasher** at Huntington Central Park was last seen on January 8th.

Easily the most impressive passerine found in the county this month, a **White Wagtail** first found on January 28th continued through the end of the month; this is one of very few records for this Siberian songbird in the county.

January boasted relatively few sparrows, at least compared to the veritable cornucopia present earlier this winter. Highlights included continuing **Clay-colored Sparrow** at Fairview Regional Park through January 6th, **Green-tailed Towhees** at Irvine Regional Park, January 7th and Overlook Park, January 29th, and a scattering of **White-throated** and **Vesper Sparrows** across central county.

The returning **Orchard Oriole** in Fountain Valley continued through January 6th, while an out-of-season, out-of-place **Hooded Oriole** was found in a neighborhood in Silverado on New Years Day and continued through the end of the month. The most notable overwintering warblers in the county were the continuing **Black-throated Green Warbler** at Chrisanta Drive (through January 23rd), the **Northern Parula** at Huntington Central Park (through January 16th), a new **Chestnut-sided Warbler** (from January 9th through the end of the month), and a **Grace's Warbler** in a residential area in Aliso Viejo (not chaseable). Other warblers included an **American Redstart** which continued through January 31st, a **Tennessee Warbler** at El Niguel Golf Course, and several **Black-and-white Warblers** throughout the county. The **Hepatic Tanager** and **Rose-breasted Grosbeak** at Serrano Creek Park were last seen on the 21st and 23rd respectively.

Accessible Birding and Lunch at the San Joaquin Marsh - Friday, April 19, at 9:00 am

Sea & Sage is sponsoring an accessible birding event at the San Joaquin Wildlife Sanctuary (SJWS) on Friday, April 19th, at 9:00 am. This is a slow walk on flat, hard-packed paths. The SJWS is a 300-acre freshwater wetland comprised of multiple ponds, some of which have islands for nesting birds. Over 200 bird species visit the Marsh annually. Join us for some excellent birding, a discussion of the history of the Wildlife Sanctuary, and a bring-your-own lunch. There are shaded picnic tables, a restroom with a handicapped stall, and a nature center inside Audubon House with a library, gift shop and taxidermy specimens. This will be our last accessible event before the summer break. There is no cost or parking fee for this event, but reservations are required. E-mail Sharon Rockwell at srockwell@writeme.com to register. Sharon will return your email with driving directions and instructions for where we will meet.

Northeastern (Inland) CBC Report - 12/15/23

The Northeastern CBC covers the inland areas of Orange County and is divided into the following sections: Irvine Reg. Park; Irvine Lake & vicinity; Silverado Canyon; Upper & Lower Black Star Canyon; Mountain Areas; Modjeska & Harding Canyons; O'Neill Reg. Park & Plano Trabuco; Lion Country & Areas south of the 405 (The area between Lake Forest & El Toro from Trabuco Rd. to Glen Ranch Rd, excluding Oso Reservoir); Mission Viejo-Lake Forest-El Toro & foothills; former El Toro Marine Base & foothill areas; Rattlesnake & Siphon Reservoirs; Peters Canyon Reg. Park & Lemon Heights. The Total Species for this count was 156. The number of participants was 98.

The count was coordinated and compiled by Doug Lithgow.

SPECIES	Total	SPECIES	Total	SPECIES	Total	SPECIES	Total
Canada Goose	233	Bonaparte's Gull	1	Cassin's Vireo	1	Vesper Sparrow	5

NATURE DAY CAMPS 2024

at the San Joaquin Wildlife Sanctuary in Irvine

On-line Registration on Eventbrite opens February 1.

Enroll your child in our week-long camps to discover the joys of nature and bird-watching with Orange County's birding experts! Each camp includes daily walks, keeping a nature journal, nature art, and important bird topics taught by Audubon Naturalists. A different camp shirt for each camp is included. Confidential scholarships available upon request.

Fledgling Camp for ages 7-8 from June 17-21

Camp meets 8:30 AM to 1:30 PM. Campers will learn all about the wonderful life of common birds at the marsh and gain experience in beginning bird-watching techniques.

Fee is \$250 regular / \$225 Audubon members (use promo code MEMBER).

<https://www.eventbrite.com/e/fledgling-camp-tickets-790346958027>

Marsh Camp for ages 9-10 from June 24-28.

Camp meets 8:30 AM to 2:30 PM. Campers will learn about more bird types, bird anatomy, bird life cycles, pond life, and more.

Fee is \$275 regular / \$250 Audubon members (use promo code MEMBER).

<https://www.eventbrite.com/e/marsh-camp-tickets-790353818547>

Coastal Camp for ages 11-12 from July 8-12.

Camp meets 8:30 AM to 2:30 PM. Campers will focus on shorebirds of freshwater and saltwater marshes and enjoy one off-site trip to Bolsa Chica Ecological Reserve (parents provide transportation).

Fee is \$275 regular / \$250 Audubon members (promo code MEMBER).

<https://www.eventbrite.com/e/coastal-camp-tickets-790355192657>

Advanced Bird Camp - Grasslands for ages 13-16 from July 15-19.

Camp meets 8:30 AM – 2:30 PM. Campers will focus on grassland habitat, learn about the diversity of sparrows and other grassland birds, and enjoy at least one off-site trip (parents provide transportation).

Fee is \$300 regular / \$270 Audubon members (promo code MEMBER).

Directions and Membership

Sea and Sage Audubon Society's mission is to protect birds, other wildlife, and their habitats through education, citizen science, research, and public policy advocacy.

Tattler Subscriptions

Non-Audubon members or members from other Audubon chapters who wish to subscribe to our chapter newsletter, may do so for \$14.00 per year. Make check payable to "Sea and Sage Audubon" and mail to: Tattler Subscriptions, 32 Almond Tree Ln, Irvine CA 92612

Go Paperless!

Sign up to receive your newsletter via email — get your issues faster, help save natural resources, reduce waste, and help our chapter save money! You can read it online or print out the pages you need to refer to more frequently. It is in pdf format and will look and print exactly like the original ones. Photos will be in color. Send an e-mail to nancykenyon@cox.net to start your paper-free Tattler delivery today! (offer good only for chapter members in good standing)

Remember Us in Your Will or Trust

Please remember to include "Sea and Sage Audubon Society" by name (tax ID#23-7003681) in your will or trust.

Directions

**to the San Joaquin Wildlife Sanctuary
(5 Riparian View, Irvine)**

Our entrance is from Campus Dr., not Michelson

From the San Diego Fwy (405): Exit on Jamboree, south toward Newport Beach. At the 1st signal, Michelson, turn left. Continue on Michelson (past the old entrance to the SJWS) to the 5th signal which is Harvard and turn right. Drive to University & turn right. Drive to Campus Drive & turn right. Stay in the far right lane and immediately turn right onto Riparian View which will enter the San Joaquin Wildlife Sanctuary. The entrance road is marked by a large sign. If you miss the turn and reach Carlson, turn right and go around the block again to Harvard. The sanctuary is open every day from dawn until dusk.

Audubon House
Open daily - 8 am to 4 pm
949-261-7963

Your Membership Payment

Do you want to join National Audubon and Sea and Sage? Use the membership form at the bottom of this page. An Individual Membership or a Family Membership is only \$20. Sea & Sage receives 100% of a chapter generated new member's dues for the first year. Mail the form and your check - payable to National Audubon Society - to Sea and Sage Audubon, PO Box 5447, Irvine CA 92616. If you want to use a credit card for your membership payment, go online to: <http://www.audubon.org/membership> If you have questions, please contact Membership Chair, Jim Kissinger, at membership@seaandsageaudubon.org

Temporarily Away or Moving?

Please notify Jim Kissinger of your new address if you are temporarily, or permanently, moving from your current address; or, let him know if you do not want to continue to receive the Tattler. This will save us postage.

Jim Kissinger, Membership Chair
membership@seaandsageaudubon.org

Audubon Membership Application
