

Summer Bats 2026

San Joaquin Wildlife Sanctuary, Irvine, CA

Experience the marsh at dusk and after dark when bats arrive in small numbers to feed on flying insects. Participants take an outdoor evening walk along the ponds in search of two species of bats. We will use our eyes and bat sonar detectors to find the bats which frequently fly over our heads! We will also learn about their interesting lives.

ON-LINE EVENTBRITE REGISTRATION OPENS June 1st.
